Collateral

Description:

\$200,000,000 (two hundred million dollars in lawful coin) for trespass against the people of Nevada State, beginning on or before May 1st 2023 through to June 22nd 2023. Future fees will be assessed at a rate of \$100,000,000 (one hundred million dollars) per day lack of proof of discontinued spraying and treble damages for every occurrence of spraying from June 22nd 2023 forward. This harm of trespass is due to the release of all chemicals into the atmosphere and/or microwave radiation, contaminating our airways, water, and land. (See attachments)

Optional Information

Alternative designation:

In this financing statement, the terms "debtor" and "secured party" shall be read to mean: Bailee/Bailor

This financing statement is a: Agricultural Lien

Optional filer reference data/miscellaneous information:

The Nevada Assembly Notice to cease and desist all spraying of chemicals into atmosphere and/or stratosphere.

Directive for Immediate Cease and Desist the Release of all Chemicals Into the Atmosphere and/or Stratosphere and Environmental Contamination Including Radio Frequency/Microwave Radiation.

Statement of facts: On this day of the ²⁰16 day of April 2023 the American State Nationals of The Nevada Assembly Land and Soil Jurisdiction issue this Directive to immediately Cease and Desist all acts stated herein proven to have violated the rights, health, and well-being of all people of Nevada as follows:

1. Trespassing and assaulting the people on Nevada by protracted daily deployment of aerosolized chemicals into the atmosphere and/or stratosphere including but not limited to aluminum, silver iodide, barium, lithium, sulfur dioxide, strontium, manganese, nano scale elements such as graphene oxide, nuclear biological chemicals, xenobiotic (synthetic biologics), and electromagnetic physical agents.
2. Gross violation of public trust as well as flagrant breach of social contract law; *Exhibit A Public Employers Directive*
3. Environmental contamination including radio frequency microwave (RF/MW) radiation by ground and space based infrastructures; [https:// www.thesiriusreport.com/technology/list-us-patents-related-weather-modification/](https://www.thesiriusreport.com/technology/list-us-patents-related-weather-modification/)
4. Weather modification operations planned, funded and executed with the cooperation of organizations including but not limited to, United Nations (UN), World Meteorological Organization (WMO), Federal Weather Enterprises, Global Atmosphere Watch (GAW), International Telecommunications Union (ITU), National Oceanic and Atmospheric Administration (NOAA), US Department Commerce, National Science Foundation, Governors, Central Intelligence Agency (CIA), Federal Communications Commission (FCC), North Atlantic Treaty Organization (NATO), American Meteorological Society, National Aeronautics and Space Administration (NASA), National Science Foundation, Evergreen, Inc., their agents and other subcontractors and/or representatives releasing substances listed in item 1 and other metal incendiary salts on our people, our land, and waters; SG Funding Chart 2008-2018 (updated Aug 2019) (1).xlsx (harvard.edu)

You are in violation of every United States Constitution. The Constitutions do not enumerate the power to change and/or contaminate the weather, air, water, land, or soil.

United States Constitution: Amendment X: *"The powers not delegated to the United States by the Constitution, nor prohibited by it to the States, are reserved to the States respectively, or to the people."*

Nevada State Constitution Article 1, SEC. 1. *All men are by Nature free and equal and have certain inalienable rights among which are those of enjoying and defending life and liberty; Acquiring, Possessing and Protecting property and pursuing and obtaining safety and happiness[.]*

Nevada State Constitution Article 1, SEC. 2. *All political power is inherent in the people[.] Government is instituted for the protection, security and benefit of the people; and they have the right to alter or reform the same whenever the public good may require it.*

You must come under Public Law. We accept your oath of office as Public Servants, including but not limited to Federal, State, or Local corporate government(s). Federal statute in 10 U.S.C. § 502, and Nevada State Constitution Article 15, SEC 2 *"Members of the legislature, and all officers, executive, judicial and ministerial, shall, before they enter upon the duties of their respective offices, take and subscribe to the following oath;*

I, _____, do solemnly [solemnly] swear (or affirm) that I will support, protect and defend the constitution and government of the United States, and the constitution and government of the State of Nevada, against all enemies, whether domestic or foreign, and that I will bear true faith, allegiance and loyalty to the same, any ordinance, resolution or law of any state notwithstanding, and that I will well and faithfully perform all the duties of the office of _____, on which I am about to enter; (if an oath) so help me God; (if an affirmation) under the pains and penalties of perjury., as your firm and binding contract between you and us, We the People, whereby you have promised to serve, protect, and defend us, guarantee all of our unalienable rights, and defend the Constitution for the united States of America.

Governor Lombardo as Governor of Nevada, has a duty to protect the people on Nevada. Nevada State Constitution Article 5 Sec: 5; *Governor is commander in chief of state military forces. The Governor shall be Commander in Chief of the Military forces of this State except when they shall be called into the service of the United States and Article 5 Sec: 7; Responsibility for execution of laws. He shall see that the laws are faithfully executed.* As Governor you must conform to and enforce public law. The living men and women on the land and soil jurisdiction of Nevada will notice and file liens against you personally and individually until you comply. **Exhibit B, UCC Financing Statement and The Nevada Assembly Supreme Court Notices**

Military Officers have a duty to uphold your oath of office; *I _____, do solemnly swear (or affirm) that I will support and defend the Constitution of the United States against all enemies, foreign and domestic; that I will bear true faith and allegiance to the same; that I take this obligation freely, without any mental reservation or purpose of evasion; and that I will well and faithfully discharge the duties of the office on which I am about to enter. So help me God. (Title 5 U.S. Code 3331).* One of the core values for Army officers is "Integrity." Duane R. Miller, as Major General for the Office of the Provost Marshal,

has a duty to serve as the principal military advisor to the Secretary of the Army and the Chief of Staff of the Army on policing matters, including law enforcement and criminal investigations. The living men and women on Nevada require you to act with integrity and coordinate with the U.S. Department of Defense and other federal, state, local, and international law enforcement agencies to protect the people of Nevada by ending all manner of releasing toxins upon the geographical boundaries of Nevada and to arrest and prosecute any individual, corporation or military personnel involved. The Joint Chiefs and Generals have been given public notice. Remember your oath and duty to our States and people. The living men and women on the land and soil jurisdiction of Nevada will notice and file liens against you personally and individually until you comply. **Exhibit C: Two bad Guys v. Joe Q., Public – Plus, Public Orders for the Joint Chiefs of Staff, Exhibit D: The Plan and I – Public Notice to the Generals 2.0, Exhibit E: Public and International Notice – It's Not "My" Process – to the Generals 5.0**

No organization, government, corporation, business, individual, or other entity under the sun has the right to poison or put toxins in the people's environment, food, water, air, medicines, clothing, homes, automobiles, etc. Likewise, no public servant has the right to injure or harm its people by enforcement of any government law or statute, rule, or regulation. Neither does any corporate policy or procedure, which harms or defrauds, have any legitimacy in law.

Whereas: Scientific evidence shows this unrelenting cumulative assault causes debilitating chronic and acute diseases such as asthma, diabetes, respiratory ailments, and other deadly conditions. The rights of The People have been violated. **Exhibit F Toxicology of Cloud Seeding**

Whereas: Maryland, West Virginia and Pennsylvania banned weather modification by cloud seeding in the 1960s and fined offenders for every occurrence, clearly demonstrating each State's autonomy; **Exhibit G, Maryland Ban**

Whereas: Wireless Telecommunications Facilities, being extremely vulnerable to hacking are simultaneously weaponized, potentially utilized by enemies both foreign and domestic for purposes other than communications (surveillance in violation of the 4th Amendment, weather modification);

Whereas: Wireless Telecommunications Facilities create significant vulnerability to failure of Nevada's electric grid, and have the potential to cause significant harm to life and property as well as harm to the economy of Nevada;

Whereas: all Wireless Telecommunications Facilities must meet local safety requirements and permitted parties must be insured with a policy from an "A" rated company without pollution exclusion for environmental contamination such as RF/MW Radiation;

Whereas: This is against international law and against your own treaties, including the Environmental Modification Convention (ENMOD) Treaty. We are not a domestic population with respect to either the British Territorial or Municipal Governments. You are in violation of the ENMOD Treaty and are "testing" your weather weapons– not against "domestic targets" but against the living men and women of the United States of America, Unincorporated;

Whereas: 50 USC 1520 (a) would classify these proceedings as prohibited activities and would require advance consent to any testing. The Secretary of Defense may not conduct (directly or by contract)—

- (1) any test or experiment involving the use of a chemical agent or biological agent on a civilian population; or
- (2) any other testing of a chemical agent or biological agent on human subjects. The Secretary of Defense may conduct a test or experiment described in subsection (b) only if informed consent to the testing is obtained from each human subject in advance of the testing on that subject. As of this writing, no one in Nevada has given informed consent;

Whereas: These activities may have initially been “classified” as testing, however, the long-term program since the 1940’s proves to be operational and consistent around the globe as standard operations as opposed to testing. This is a clear violation of 50 USC 1520 (a) and violation of State Constitutions;

Provenance and Land and Soil Jurisdiction

Whereas: After 1860, all land interests were entered into Territorial Statehood according to The Northwest Ordinance; <https://www.archives.gov/milestone-documents/northwest-ordinance>

Whereas: As of September 2020, all those Territorial States were enrolled officially as States of the Union by those State Assemblies established prior to 1860 entering their unanimous Roll Call Votes upon the Public Record (https://mega.nz/file/hkk3QIBY#gCjIGxsCl-va8f2ahMiaogPCDXYqo9qUkvLjoYz_c, https://mega.nz/file/gxlEVCZC#gftSsSqaZITL_DKLDIgrzbz5J3Kcfm3ot4Pdp6ViEWw). All 50 (fifty) States are indeed actual States of the Union, owning all land within their borders and free of any Territorial custodial interest. The Corporations, including incorporated Corporations, which have been established in our names ever since 1860, are all interrelated to associations and charters granted by the Kings and Queens and Popes operating in our names via fraudulent assumption of powers never granted to them, and now all those parent corporations are bankrupt and in receivership to us, their Priority Creditors. Any presumption that these corporations are free to run rampant is completely misguided. The charter-interest has simply reverted to the actual owners. These corporations, both Territorial and Municipal, are now standing under Public Law, not private law. If they fail to operate lawfully — a far higher standard than to merely operate legally — the corporations will be dissolved, and their officers will be arrested.

Whereas: The only lawful and standing government is The United States of America, our Federation of 50 States of the Union that are lawfully Assembled; <https://tasa.americanstatenationals.org/>

Whereas: All Medical Officers and all General Staff and Reserve and Retired elements of the American Armed Forces, U.S. Armed Forces, UNITED STATES ARMED FORCES, US ARMED FORCES, Hospital Corps, MEDICAL UNITS, Veterans Administration, United States Department of Defense, UN Peacekeepers, DOD Officers, NATO Officers on shore, all elected, appointed, or promoted personnel and their dependents, are required to cease and desist the release of all

chemical aerosols by way of cloud seeding and other atmospheric activities being promoted by the Territorial and Municipal United States Governments in Breach of Trust and under False Presumptions of War. All wars have been officially and permanently ended as of the first of August 2021: <https://tasa.americanstatenationals.org/federal-record/> and have closed the books on all mercenary conflicts as of June 27, 2022; *Exhibit H: International Peace Proclamation*

Whereas: Each State Assembly is composed of men and women who have properly declared their status as American State Nationals and American State Citizens. We are peaceful, private Americans whose Public Duty is to keep the Peace and Uphold the Public Law; This can be verified through the Public Records: <https://everify.americanstatenationals.us/>;

Whereas: The Nevada Assembly is in session and has accepted the Nevada State Trust. Nevada is a State of the Union and a member of The Federation of States operating as The United States of America Unincorporated.

Therefore, each of you have now been lawfully notified and directed to immediately cease and desist the release of all toxic chemicals also known as atmospheric aerosol injections and all geoengineering and cloud seeding activities.

You are directed to provide identity and contact information of any person or corporation known to your office to be engaged in the deployment of aerosolized chemicals into the atmosphere or stratosphere or any other type of "weather modification" activities within the geographic boundaries of Nevada.

You are directed to immediately cease all funding of any person or corporation known to your office to be engaged in the deployment of aerosolized chemicals into the atmosphere or stratosphere or any other type of "weather modification" activities within the geographic boundaries of Nevada.

The living men and women on Nevada authorize our employees; military and civilian forces, to use any means necessary to stop any person or corporation engaged in the deployment of aerosolized chemicals into the atmosphere or stratosphere within the geographic boundaries of Nevada, so long as no living man or woman on Nevada is harmed by these actions except the people or persons engaged in said activity.

Everyone must agree that living men and women should not be endangered in any way by lifeless, faceless, unaccountable business organizations and entities, which have no right to exist apart from public tolerance.

Rebuttal must be in the form of a sworn affidavit under penalty of perjury, addressing point by point, each claim herein.

You must rebut within 10 days of receiving this notice. Failure to rebut indicates your acquiescence to the above claims. Our Fee Schedule, line cc, starts at \$10,000,000.00 and will increase based on the timeline of your non-actions. After such time, The Nevada Assembly, will invoice the STATE OF NEVADA INC, and all parties listed above individually for the assault knowingly being afflicted on the

People. Please note that anyone other than the current or acting individuals listed above that respond to this Directive is giving their power of attorney and permission to personally lien them as well through the U. S. Treasury per 18 USC 1701 (Obstruction of Mail), USC 1702 (Obstruction of Correspondence), 18 USC 1703 (Delay or Destruction of Mail), and 18 USC 1708 (Theft of Receipt of Stolen Mail). These are also federal offenses punishable by multiple years in prison per code. **Exhibit I: The Nevada Assembly Fee Schedule**

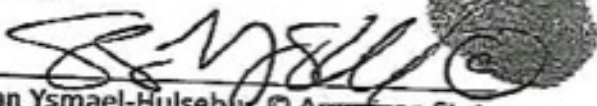

This Directive is given by the Assembled Members of The Nevada Assembly: American State Nationals and American State Citizens.

Notice of Fault and Opportunity to Cure

Dated this 4th day of May, 2023;

You are in receipt of a Directive mailed on April 16, 2023. Directive for Immediate Cease and Desist the Release of all Chemicals Into the Atmosphere and/or Stratosphere and Environmental Contamination Including Radio Frequency/Microwave Radiation; as issued by the People on the Land and Soil Jurisdiction of Nevada;

Representation and Warranties

Your failure to rebut the aforementioned directive to 'cease and desist' becomes your acknowledgement that our fees are now due and will continue to accrue;

By not responding, you have acquiesced that you are in violation of the people's constitutionally protected rights, the laws of the United States, and the public laws of Nevada;

If you do not respond to this second Notice/Directive, Notice of Fault and Opportunity to Cure, a default and judgment is rendered, thereupon your non-response is your tacit agreement for the violations contained therein and you will be barred by res-judicata for making decisions that impact the quality of the Nevada airways. If you default, this will serve as an automatic writ of arrest for the violations of spraying and contaminating our airways, water, and land;

Any and all parties alleging any type or form of contractual relationship in this matter have the burden of proof of such and are required by law to present such upon this instant demand; and that failure to respond in ten (10) days in accordance to the Administrative Procedures Act of 1946 is accepted as lawful and legal acquiescence and willful agreement that neither you personally, nor your office, nor any corporation have jurisdiction regarding Nevada airways, water and land;

Wherein for you, and each of you receiving this administrative process, have ten (10) days upon the verified date of receipt of this mail article to respond;

I, Susan Ysmael-Hulsebus®, Co-Coordinator for the Nevada Assembly, hereby reserve the right to correct any errors along the way in the interest of Truth and Justice;

Done by the light of day this 4th day of May in the year of two thousand twenty-three; With all due respect, without prejudice, all rights reserved,

Notice to Agents is Notice to Principals Notice to Principals is Notice to Agents

NOTICE OF DEFAULT JUDGEMENT

Dated this 25th day of June, 2023

NOTICE TO PRINCIPAL IS NOTICE TO AGENT NOTICE TO AGENT IS NOTICE TO PRINCIPAL IN YOUR PUBLIC AND PRIVATE CAPACITY

BY AND THROUGH THE ADMINISTRATIVE PROCEDURES ACT OF 1946

ACQUIESCENCE/NON-RESPONSE TO THE DIRECTIVE FOR IMMEDIATE CEASE AND DESIST THE RELEASE OF ALL CHEMICALS INTO THE ATMOSPHERE AND/OR STRATOSPHERE AND ENVIRONMENTAL CONTAMINATION INCLUDING RADIO FREQUENCY/MICROWAVE RADIATION.

On the 16th of April 2023, the American State Nationals of the Nevada Assembly Land and Soil Jurisdiction issued a "Directive for Immediate Cease and Desist the Release of all Chemicals into the Atmosphere and/or Stratosphere and Environmental Contamination Including Radio Frequency/Microwave Radiation."

By and through the Administrative Procedure act of 1946, you are given final notice and "DEFAULT/JUDGEMENT" must issue for non-response to "NOTICE" by your tacit admission. Collateral-estoppel of any further proceedings and "DEFAULT/JUDGEMENT" must issue.

Acquiescence/Non-response to all statements listed in the aforementioned directive, including but not limited to; Trespassing and assaulting the people on Nevada by protracted daily deployment of aerosolized chemicals into the atmosphere and/or stratosphere including but not limited to aluminum, silver iodide, barium, lithium, sulfur dioxide, strontium, manganese, nano scale elements such as graphene oxide, nuclear biological chemicals, xenobiotic (synthetic biologics), and electromagnetic physical agents; Gross violation of public trust as well as flagrant breach of social contract law; Environmental contamination including radio frequency microwave (RF/MW) radiation by ground and space based infrastructures; Weather modification operations planned, funded and executed with the cooperation of organizations including but not limited to, United Nations (UN), World Meteorological Organization (WMO), Federal Weather Enterprises, Global Atmosphere Watch (GAW), International Telecommunications Union (ITU), National Oceanic and Atmospheric Administration (NOAA), US Department Commerce, National Science Foundation, Governors, Central Intelligence Agency (CIA), Federal Communications Commission (FCC), North Atlantic Treaty Organization (NATO), American

We are the only Lawful Government

Page 2 of 5

Meteorological Society, National Aeronautics and Space Administration (NASA), National Science Foundation, Evergreen, Inc., their agents and other subcontractors and/or representatives releasing substances listed in item 1 and other metal incendiary salts on our people, our land, and waters; **Violations of every United States Constitution: Amendment X: "The powers not delegated to the United States by the Constitution, nor prohibited by it to the States, are reserved to the States respectively, or to the people."** **Violations of American Public Law, as Public Servants, including but not limited to Federal, State, or Local corporate government(s).** We accept your oath of office, Federal statute in 10 U.S.C. § 502, and Nevada State Constitution Article 15, SEC. 2 as your firm and binding contract between you and us, We the People, whereby you have promised to serve, protect, and defend us, guarantee all of our unalienable rights, and defend the Constitution for the united States of America;

Acquiescence/Nonresponse by Governor Lombardo has resulted in your failure to protect the people on Nevada and as Commander in Chief of the Military forces of Nevada you have failed to conform to and enforce public law.

Acquiescence/Nonresponse by Duane R. Miller, as Major General for the Office of the Provost Marshal, has resulted in your failure to act with integrity and coordinate with the U.S. Department of Defense and other federal, state, local, and international law enforcement agencies to protect the people of Nevada. You have failed your oath and duty to our State and people.

Whereas: Scientific evidence shows this unrelenting cumulative assault causes debilitating chronic and acute diseases such as asthma, diabetes, respiratory ailments, and other deadly conditions. The rights of The People have been violated.

Whereas: Maryland, West Virginia and Pennsylvania banned weather modification by cloud seeding in the 1960s and fined offenders for every occurrence, clearly demonstrating each State's autonomy.

Provenance of Land and Soil Jurisdiction

Whereas: After 1860, all land interests were entered into Territorial Statehood according to The Northwest Ordinance; <https://www.archives.gov/milestone-documents/northwest-ordinance>

Whereas: As of October 2020, all those Territorial States were enrolled officially as States of the Union by those State Assemblies established prior to 1860 entering their unanimous Roll Call Votes upon the Public Record. All 50 (fifty) States are indeed actual States of the Union, owning all land within their borders and free of any Territorial custodial interest. The Corporations, including incorporated Corporations, which have been established in our names ever since 1860, are all interrelated to associations and charters granted by the Kings and Queens and Popes operating in our names via fraudulent assumption of powers never granted to them, and now all those parent corporations are bankrupt and in receivership to us, their Priority Creditors. Any presumption that these corporations are free to run rampant is completely misguided. The charter-interest has simply reverted to the actual owners. These corporations, both Territorial and Municipal, are now standing under Public Law, not private law. If they fail to operate lawfully — a far higher standard than to merely operate legally —

We are the only Lawful Government

the corporations will be dissolved, and their officers will be arrested.

Living men and women shall not be endangered in any way by lifeless, faceless, unaccountable business organizations and entities, which have no right to exist apart from public tolerance;

Whereas: The only lawful and standing government is The United States of America, our Federation of 50 States of the Union that are lawfully Assembled; <https://tasa.americanstatenationals.org/>

Whereas: All Medical Officers and all General Staff and Reserve and Retired elements of the American Armed Forces, U.S. Armed Forces, UNITED STATES ARMED FORCES, US ARMED FORCES, Hospital Corps, MEDICAL UNITS, Veterans Administration, United States Department of Defense, UN Peacekeepers, DOD Officers, NATO Officers on shore, all elected, appointed, or promoted personnel and their dependents, are required to cease and desist the release of all chemical aerosols by way of cloud seeding and other atmospheric activities being promoted by the Territorial and Municipal United States Governments in Breach of Trust and under False Presumptions of War. All wars have been officially and permanently ended as of the first of August 2021 and we have closed the books on all mercenary conflicts as of June 27, 2022.

Whereas: Each State Assembly is composed of men and women who have properly declared their status as American State Nationals and American State Citizens. We are peaceful, private Americans whose Public Duty is to keep the Peace and Uphold the Public Law; This can be verified through the Public Records: <https://everify.americanstatenationals.us/>

Whereas: The Nevada Assembly is in session and has accepted the Nevada State Trust. Nevada is a State of the Union and a member of The Federation of States operating as The United States of America Unincorporated. It is our Public Duty to uphold the Public Law.

Your failure to respond to the second Notice/Directive, Notice of Fault and Opportunity to Cure, puts you in default and judgment is rendered. Your non-response is your tacit agreement for the violations contained therein and you are barred res-judicata for making decisions that impact the quality of the Nevada airways. Your default, serves as an automatic writ of arrest for the violations of spraying and contaminating our airways, water, and land.

Each of you receiving this administrative process is in DEFAULT JUDGEMENT having violated constitutionally protected rights, the laws of the United States, and the laws of Nevada state for your actions listed herein and in prior notices. We the people on Nevada, Americans living on the Land and Soil, the original and highest jurisdiction by treaty, accept your acknowledgement that our fees are now due and will continue to accrue.

You must rebut this "NOTICE OF DEFAULT JUDGEMENT" in writing within 10 days of receiving this notice. Failure to rebut within 10 days of receiving this indicates your acquiescence to the above claims. Per the attached notices (Attachments 1 and 2) and "The Nevada Assembly Notice of Intent-Fee Schedule" (Attachment 3), your fees began to accrue on or before May 1, 2023. We have evidence of at least 20 incidents of spraying between May 1, 2023 and June 25, 2023 so the total amount due as

We are the only Lawful Government

Page 4 of 5

of June 22, 2023 is \$200,000,000 payable in lawful coin. Future fees will be assessed at a rate of \$100,000,000.00 per day for lack of proof you have discontinued the release of all chemicals into the atmosphere and/or stratosphere and environmental contamination through radio frequency/microwave radiation via a written statement acknowledging the discontinuance. Accepted proof will be a notarized statement that you have stopped said activities. In addition, treble damages will be assessed for every occurrence of spraying from this date forward. See revised Nevada Assembly Fee Schedule (Attachment 4)

Any and all parties alleging any type or form of contractual relationship in this matter have the burden of proof of such and are required by law to present such upon this instant demand; and that failure to respond in ten (10) days in accordance to the Administrative Procedures Act of 1946 is accepted as lawful and legal acquiescence and willful agreement that neither you personally, nor your office, nor any corporation have jurisdiction regarding Nevada airways, water and land;

I, Susan Ysmael-Hulsebus, Co-Coordinator for the Nevada Assembly, hereby reserve the right to correct any errors along the way in the interest of Truth and Justice;

Done by the light of day this 25th day of June in the year of two thousand twenty-three; submitted without prejudice, all rights reserved.
