

## Birth Certificates: A Closer Look

Have you ever closely examined formal documents like a Driver's License or a Birth Certificate? You might have noticed that the names on these documents are spelled in all CAPITAL LETTERS.

When you look at a Birth Certificate, you'll find two dates:

### The Birth Date & The Registration Date

Did you know that registering something can imply transferring ownership to another entity?

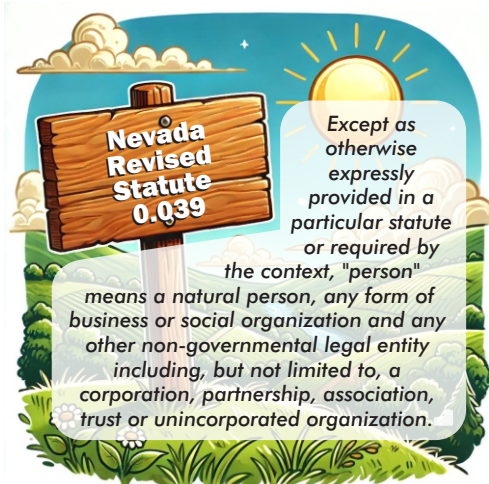

Consider why formal Birth documents are printed on bond paper.

Does this mean Birth Certificates function as bonds (IOUs)?

If so, who owes what to whom and why?

Original Birth documents are stored at the Department of Commerce in Washington, D.C. Why are they kept there?

Could it be that foreign corporations are posing as the American Government, using this system to create fictional entities known as U.S. Citizens & MUNICIPAL citizens through Birth Certificate identity theft?

## The American Civil Peace Flag

The American Civil Peace Flag was first flown in 1767 when the "Sons of Liberty" rebelled against the stamp act

They hung a British East India Company flag sideways and flew it from the "Liberty Tree". The vertical stripes signify people's independence and sovereignty from the crown. Prior to the Federation calling the 50 State Assemblies back into session, this flag has not been flown since 1814.

### Assembly Rescue Mission

Repopulate the Nevada Land and Soil with living American People.

Restore the American republic, a Republican form of government that is designed to serve people, not PERSONS.

Fill vacated public offices, preserve the National Trust and enforce Public Law.

Reclaim We the People's material and intellectual public and private assets.

Perform our public duty and uphold the 1787 Constitution (unincorporated)

Inspire autonomous self-governance in alignment with the Bill of Rights.

### If you have been Misidentified

**State of Nevada** and **STATE OF NEVADA** are both **incorporated franchises**, fictions, populated by fictitious persons or **PERSONS**, aka - **U.S. Citizens** or **MUNICIPAL citizens**. Persons are granted benefits and privileges. They do not have any Rights. Remember, that which is given, can be taken away.

Did you know, each state is a nation, and Americans acquire their nationalities from their birth State, not the government?

**Nevada** is unincorporated. It is the actual land and soil where people live. Living people have Rights. If you were born on, or naturalized to any of the fifty states, you can lawfully claim your status as an American. In doing so, you can rejoin the General Population as a living man or woman under common(sense) law. Here is how you can go about redeclaring your American status in Nevada:

#### Step 1

Go to [nevadaassembly.org](http://nevadaassembly.org) and learn about the "Corporate Government".

#### Step 2

Learn about correcting your status via links to articles, webinars and more . . .

#### Step 3

Work with a State Coordinator following an efficient step-by-step process.

## “U.S. Citizen” Challenge

Do you think of yourself as a “U.S. Citizen”?	<input checked="" type="checkbox"/> YES
Do you work for the federal government?	<input checked="" type="checkbox"/> NO
Are you in a political office?	<input checked="" type="checkbox"/> NO
Have you been granted political asylum?	<input checked="" type="checkbox"/> NO
Do you currently serve in the military?	<input checked="" type="checkbox"/> NO
Do you live in American Samoa, Guam, American Virgin Islands or Puerto Rico?	<input checked="" type="checkbox"/> NO

By correcting your status and returning to the land and soil, you effectively free yourself from debt-slavery. Regain your natural freedom and prosperity *NOW!*

## U.S. Citizen Facts

U.S. Citizens cannot own physical land. They are tenants not landlords.

In all cases where U.S. Citizens live in homes, they only have tenant rights, even if their mortgages are paid off.

If Property Taxes (rent forever) are not paid, people can lose their property.

Once a Man or Woman declares their proper American status on the Public Record everything changes.

American State Nationals (ASN’s) are exempt from Federal Income Taxes.

ASN’s can obtain allodial property titles.

ASN’s do not live in Washington D.C. and they are not federal employees

## The Primary Job of a Government is to Protect its People

The entity ‘acting’ as the current American Government is a bankrupt foreign-owned and operated corporation, a subcontractor claiming to be in the business of providing governmental services, while fraudulently trying to claim ownership of living people, for profit, without full disclosure.

If you choose, you can peacefully remedy this confusion and learn how to reclaim your unalienable American Birthrights at:
